The SCHOLARS' HOME

The Bridge

2012-13

About Us

The Scholars' Home, a co-educational English Medium Public School was founded in the year 2004 by "Thakar Singh Memorial Educational Trust". The school is open to all irrespective of caste, creed, colour or religion and strictly secular.

A School With Difference

OUR GOAL

To produce well balanced, good human beings of world order who will be able to stand on their own at any forum.

OUR ETHOS

Creating A Caring Environment

It is our earnest effort to create a caring environment with stress on moral and spiritual values so that the students feel at home away from their homes.

Generating Environment Sensitivity

We take pains to generate environment sensitivity among our students. We believe that we are the custodians of our environment and it is our duty to protect it by adopting environment friendly practices. We try to create awareness about the ill-effects of our own selfish acts.

Creating Excellence In All Walks

The school lays great stress on doing the things to the best possible with given resources. The students are inspired to put in the extra bit of hard work even in their routine work so that it becomes distinct and excellent.

OUR MOTTOS

Shaping The Future

We believe that today's students are the future citizens of the society. It is only by shaping them properly at the initial stage of character building; our society can be shaped for a better future.

Competing With Self

We believe that the only competition that the students need to be exposed to is the competition with self. The students are motivated to compete with self in order to promote congeniality and building a healthy environment to learn.

■ *Education is a life long journey whose destination expands as you travel.*

Lionel Messi

Lionel Messi
His nick name is the Messiah
The savior of Barcelona
It is not just a nickname
The boy has a gift
A gift for football
The crowd yells!!
"It's not just a nick name
The boy has a gift
A gift for football
The crowd yells!!
"It's the messiah, it's the Messiah!"
When his foot touches the ball
It's like lightning is sparkling of his foot
He's as fast as a cheetah
And as tricky as a fox
You will know what I'm talking about
As soon as you see him play
The crowd yells!!
"It's the Messiah, It's the messiah!"
There's another name they have for him
"The flea", also given to him for a reason
Every defender he passes, gets annoyed
Annoyed by his skills, annoyed that he passes
Can't reach no more....can't reach no more.....
The crowd yells!!
"It's the Messiah, It's the Messiah!!!"

■ *Education is a continous process from the minute we are born untill we die.*

Valentine's Day

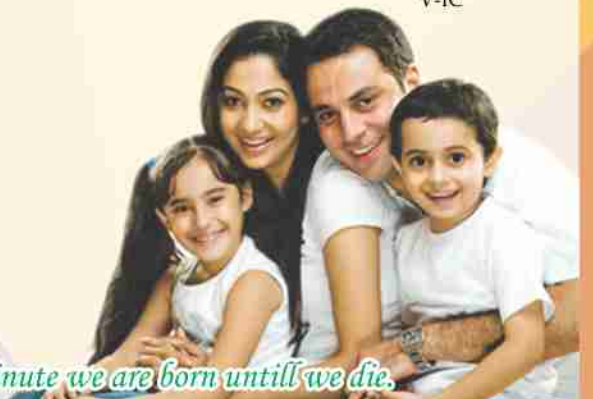

Here is coming 'The Day of Lovers'
Again is coming 'The Valentine Day'
But before it comes, let us remove covers
from the eyes of people and throw wrong sentiments away.
Saint Valentine wanted to spread a good message and
Do good for soldiers by making them marry
So that they can live in a family
And this is the message that he wanted us to carry
He wanted to serve humanity
And tell people the importance of love and family
But his thoughts of well being got misunderstood
And these wrong feelings for his day are
Spreading among us rapidly.
We can love our parents, teachers and friends
But not in wrong feelings and wrong trends
"So let us wish each other Happy Valentine Day &
throw our wrong and cheap feelings away".

Vikas Rawat
Class- IX

Happy Family

Happy family!
Happy family!
It's a Happy family.
Mom and dad.
Lovely sister.
And a naughty pet,
And a naughty pet.
Happy family!
Happy family!
It's a Happy family.

Knowledge is a treasure but practice is the key to it.

Motivation is what gets you started, Habit is what keeps you going.

On Killing A Tree

It takes much time to kill a tree,
 Not a simple job of the Knife
 Will do it. It has grown
 Slowly consuming the earth,
 Rising out of it, feeding
 Upon it, rust, absorbing
 Years of sunlight, air, water,
 And out of its leprous hide
 Sprouting leaves.
 Out of the anchoring earth;
 It is to be roped, tied,
 And pulled out snapped out
 Or pulled out entirely,
 Out from the earth's cave,
 And the strength of the tree exposed,
 The source, white & wet,
 The most sensitive, hidden
 For years inside the earth.
 Then the matter
 Of searching & choking
 In sun & air,
 Browning, hardening,
 Twisting, withering
 And then it is done.....
 SAVE TREE, SAVE EARTH

Anubhava Vashishth
 VII-B

The First Birthday Gift

GIVEN BY MY MOTHER

My mother gave a
 pleasant gift on my birthday,
 I don't know what was that,
 But I felt very happy,
 To receive that gift.

I received some gifts from my friends,
 But they seemed like common trend.
 I don't know what was that,
 But I felt very happy to receive that gift.

When I opened the gift,
 I was very surprised to see the gift.
 It was beautiful a doll
 Which was very sweet and small.

The present she gave,
 My heart stop beating and,
 I was unable to keep,
 Standing and standing.

When I grew up,
 I got to know what was
 the meaning of that gift.
 It was love of my mother,
 care and a memorable pleasant gift.

Vrinda Aggarwal & Jasleen Kaur
 VI-B

A Special Gift

I choose this special present,
 Because I wanted you to know
 That I am grateful for your hard work
 In helping me to grow
 For your constant understanding
 And for always being there
 To tell me I can do it
 And to show me that you care!

Apoorva
 VII-A

■ *Action is foundational key to all successes.*

Save Wildlife

When God made the Earth,
 He made some animals and trees,
 But the most wonderful creatures,
 Were the human beings.

They learnt how to survive,
 And beautifully led their lives,
 But forgot of those,
 Whom they cut with knives.

Yes, you guessed it right,
 We take animals rights,
 They are on which we feed
 And also take their needs.

They also want to live,
 Like us very peacefully,
 But we disturb them,
 And hunt them very cruelly.

So let us join our hands,
 And save the wildlife,
 Make God happy,
 & also make happy animals lives.

Snehal Saini
 VII-B

"Message For New Generation

Proud to be an Indian,
 Save proud for new generation.
 Do not wait for time,
 Time is waiting for action.
 By your action you get perfection,
 You will be next Idol for your new generation.

Sakshi Nautiyal
 VI-B

■ *Education is a continuing process from the minute we are born until we die.*

Human Ability

Don't forget humans ! You are the greatest
 You are your glory, and you are Manu's offspring.

In your soul there is God himself.

Don't forget humans ! You are the greatest

If you wish you can break the mountains.

If you wish you can divert the direction of rivers.

Don't forget humans ! You are the greatest.

Sakshi Nautiyal
 VI-B

Knowledge - God's Gift

Knowledge is God's Gift
 Which is so supreme
 It is that thing which gives up
 Power to achieve anything

Knowledge gives us our rights
 And makes our future bright
 If we want to shine
 Then take the knowledge line

Everything surrounding us gives us knowledge
 Whether at home, school or college
 Trees tell us to serve, never ask for return
 Water tells to adjust, in any shape or with anyone

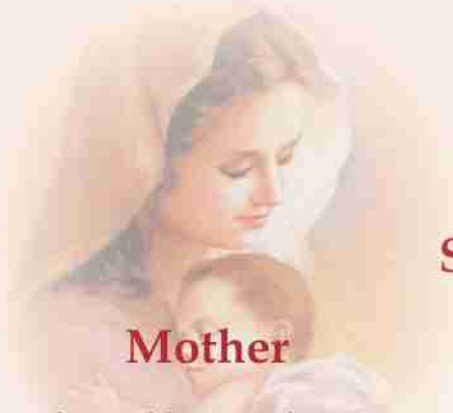

Have you seen a bird without wings?
 It is just like a man without knowledge & will
 How strange is that bird?
 How strange is that man?
 Now by having his knowledge, '
 Plan your life span.

Rishika Saklani
 VI-B

A Fallen Tree

I was sitting alone in the garden,
Thinking about that tree,
Which has been fallen down
In the presence of me.
I was a very big tree.
Which yielded fruits free
The fruits were as sweet,
As you think them to be
It was felled one morning
When the sun was just rising.

Nidhi Khanduja
V-C

Mother

In the world I opened my eyes
First time with cries.
I don't know who she was?
Giving me a soothing kiss
I found my self in two arms
Keeping me safe and warm
She held fingers
And taught me to walk
She moved her lips
And taught me to talk
When I was hurt
She kissed me
When I was away
She missed me
After all she is my mother
And
I don't want any other.

Tarun Thakur
VI-B

Life's Two Seconds

The second, my heart started pumping,
The minute, I started crying,
The hours, I spent resting,
The day, I made everyone smile!
Then everyone left thinking my name,
Suddenly a lovely word came,
Which wanted to get lots of fame,
When I started my life's train!
After many years,
With lots of tears,
I came to know,
Something which was as white as snow!
The year, I will get a white head,
The month, I will spend lying on bed,
The day, I will not get a shed,
The hours, I will count my breath,
The minutes, I will see everyone's eyes being red,
The second I will be dead!

Ridhima Khanduja
VI-B

Song : Dedicated To The Scholars' Home

We will never Forget You The Scholars' Home -2
All our young happy days are spent in your kindly rules.
We will never forget you near or far-2
All our lives we'll spread our light to the distant stars. -2
We will never Forget You The Scholars' Home -2
One day we'll have to go away
And leave your green pleasant paths.
We will never forget You The Scholars' Home -2
And trailing hard when duty calls
To build a better world for all
Your light will guide us.
We will never forget You The Scholars' Home -2
One day after life's journey We will meet
In the land of our father,
all our friends will greet.
We will never forget You The Scholars' Home -2

Rishabh Dhankawat
VII-A

■ *Enjoy your our life without comparing it with that of another.*
